Cognitive Behavioural Therapy for Psychosis
2012 Supervisor workshops

Designed for qualified practitioners who are in, or are planning to take on, a supervisory role in cognitive behavioural therapies for psychosis services.

Dates: 22-23 November 2012; 9.00 – 17.00

Venue: Institute of Psychiatry (IoP) at King’s College London
Denmark Hill Campus

Topics:
- Using rating scales in supervision
- Developing and measuring competence
- Structuring supervision
- Evaluating supervision
- Supervising frontline staff in formulation skills
- Supervising frontline staff to deliver brief interventions
- Supervising work with carers and service users.

Speakers:
- Dr Louise Johns, Consultant Clinical Psychologist, PiCUP Clinic
- Dr. Elaine Hunter, Principal Clinical Psychologist, PiCUP Clinic
- Dr. Helen Waller, Research Clinical Psychologist, SHARP Service
- Dr. Suzanne Jolley, Research Clinical Psychologist, Lambeth Recovery

All have worked as research trial therapists; extensive experience as therapists and supervisors in the NHS; provided supervision as part of an accredited training programme and within both specialist and routine services for people with psychosis and their carers; and experience of supervising a range of staff from national and international mental health services.
