PRACTICE ASSESSMENT DOCUMENT 2.0

NURSING

PART 1

Master of Nursing (MNurs) in Nursing with Registration as an Adult Nurse and a Mental Health Nurse programme

PLPAD 2.0, Future Nurse: Standards of proficiency for registered nurses, (NMC 2018)

Please keep your Practice Assessment Document with you at all times in practice in order to review your progress with your Practice Supervisor, Practice Assessor and/or Academic Assessor

This Practice Assessment Document has been developed by the Pan London Practice Learning Group in collaboration with practice partners, mentors, academic staff, students and service users across the London Region. This work has been led by Jane Fish as Project Manager.

Membership of the Pan London Practice Learning Group (PLPLG)

- Kathy Wilson, Associate Professor, Head of Practice Based Learning, Middlesex University (Chair)
- Nicki Fowler, Programme Leader/Professional Lead, Learning Disabilities, University of Greenwich (Vice Chair)
- Lynn Quinlivan, Practice Programme Co-Ordinator for Pre-Registration Nursing, University of Hertfordshire
- Sue Woodward, Senior Lecturer, King's College London
- Julie Bliss, Head of Practice Learning, King's College London
- Karen Chandler, Associate Professor, Director of Practice Learning, Kingston University and St George's, University of London
- Alex Levine, Faculty Director Practice Learning, Canterbury Christ Church University
- Julie MacLaren, Deputy Divisional Lead Practice Education, City, University of London
- Michelle Ellis, Senior Lecturer, Child Health, City, University of London
- Yvonne Halpin, Associate Professor (Practice Learning), London South Bank University
- Nigel Davies, Head of Pre-Registration Nursing, University of East London
- Barbara Hoyle, Head of Practice Education University of West London
- Jo Rixon, Principal Lecturer for Practice Learning, Buckinghamshire New University
- Rachel Bacon, Associate Teacher Practice Learning, The University of Nottingham (MEPLG representative)
- David Marston, Senior Strategic Programmes, Planning and Performance Manager, Quality Patient Safety and Commissioning Team (London), Health Education England
- Jane Fish, PLPAD Project Manager
- Ian Grant-Rowan, (PLPAD Document Design) Systems Support/Projects, Middlesex University
- Clara Longley, Gregory Brinsdon, Project Administrator, Middlesex University

The development of this document was funded by Health Education England (London)

Statement regarding the use of the term "Parts"

There are three Practice Assessment Documents in total, which incorporate the range of Future Nurse Standards of proficiency (NMC 2018). "Parts" in this context is used to represent the range of outcomes to be achieved by students at different levels. These parts may differ from the parts of the education programme that will be defined locally by each university provider.

Welcome to the Practice Assessment Document (PAD) Student responsibilities

This Practice Assessment Document is designed to support and guide you towards successfully achieving the criteria set out in the *Future nurse: Standards of proficiency for registered nurses* and *Standards for education and training* (NMC 2018).

The PAD makes up a significant part of your overall programme assessment. It will need to be processed through formal University systems. Continuous assessment is an integral aspect of assessment in practice and you are expected to show evidence of consistent achievement. You should engage positively in all learning opportunities, take responsibility for your own learning and know how to access support. You will work with and receive written feedback from a range of staff including Practice Supervisors and Practice Assessors and you are required to reflect on your learning.

You are responsible for raising concerns with a nominated person in the practice setting in a timely manner. You should also alert staff to any reasonable adjustments that may be required to support your learning.

You should ensure you are familiar with your university assessment and submission processes for this document and contact the academic representative from your university, or refer to your university's intranet if you require support or advice on specific university procedures.

The Ongoing Achievement Record (OAR) is a separate document that summarises your achievements in each placement and with the main document provides a comprehensive record of your professional development and performance in practice.

You are responsible for the safekeeping and maintenance of the PAD. It should be available to your Practice Supervisor, Practice Assessor and Academic Assessor at all times when you are in placement together with the OAR. Alterations should be made in this document by crossing through with one line, with a signature and date.

You will have access to confidential information when in practice placements. The PAD should not contain any patient/service user/carer identifiable information. Contents must not be disclosed to any unauthorised person or removed, photocopied or used outside the placement or university.

People must be offered the opportunity to give and if required withdraw their informed consent to student participation in their care and staff in practice will provide guidance as required. Before approaching any patient/service user/carer for feedback you must discuss with your Practice Supervisor/Practice Assessor who will facilitate consent.

Practice Supervisor responsibilities (Registered nurse/midwife or other registered health/social care professional)

In many practice areas the student will be supported by a number of Practice Supervisors. Some areas may adopt a team based approach due to the nature of the experience.

As a Practice Supervisor you have an important role in supporting and guiding the student through their learning experience to ensure safe and effective learning. This includes facilitating learning opportunities including any reasonable adjustments the student may need to get maximum benefit from the placement. It is your responsibility to contribute to the student's assessment through the recording of regular feedback on their progress towards, and achievement of their proficiencies. Specific feedback must be provided to the Practice Assessor on the student's progress.

Supervision in other placement areas (i.e. those areas where there are no health/social care registrants)

A range of staff can support student learning and have a vital role in student learning and development though may not be contributing formally to assessment of proficiencies.

However, these staff members are encouraged to support learning and can provide valuable student feedback within the PAD on the *Record of communication/additional feedback pages*.

Practice Assessor responsibilities (Registered Nurse)

As a Practice Assessor you have a key role in assessing and confirming the student's proficiency providing assurance of student achievements and competence. This includes facilitating learning opportunities including any reasonable adjustments the student may need to get maximum benefit from the placement. You will observe the student, conduct and record student assessments informed by student reflections, feedback from Practice Supervisors and other relevant people to confirm achievement. You will liaise with the Academic Assessor scheduling communication at relevant points.

Practice Assessors must have appropriate equivalent experience in the student's field of practice.

There are numerous elements requiring assessment in practice. One or more Practice Supervisors can contribute to the assessment of some of the proficiencies in discussion with you, but they must be working in their scope of practice.

When assessing the student, you should take into account sources of evidence that encompass knowledge, skills, attitudes and the views of those receiving care. Comments should acknowledge those exceptional students who are exceeding expectations for their stage in practice or who have particularly commendable attitudes, behaviours, knowledge or skills.

If the student is not meeting the required standards this should be highlighted as a development need. If there is a cause for concern or a fitness for practice issue that requires prompt action, an Action Plan should be instigated to address specific needs or concerns within a specified timeframe. In the event of this, seek guidance from the Academic Assessor and/or senior practice representative.

Academic Assessor responsibilities

Academic Assessors are Registered Nurses and are nominated for each part of the educational programme. The same Academic Assessor cannot contribute to the student assessment in consecutive parts. The Academic Assessor will work in partnership with the Practice Assessor to evaluate and recommend the student for progression for each part of the educational programme. The Academic Assessor will enable scheduled communication and collaboration with the Practice Assessor and this communication can take a variety of forms.

All communications/ additional feedback (not already recorded in the scheduled interviews) from the Practice Supervisors, Practice Assessor and Academic Assessor and other staff members needs to be recorded on the relevant pages in the PAD.

Guidance for using the PAD to facilitate learning and assessment in practice

Assessment criteria in the PAD are based on the NMC Future nurse: Standards of proficiency for registered nurses and Standards for education and training (NMC 2018). The outcome statements have been designed by the NMC to apply across all four fields of nursing practice and all care settings (NMC 2018). Students must be able to demonstrate a greater depth of knowledge and the additional more advanced skills required to meet the specific care needs of people in their chosen fields of nursing practice (NMC, 2018, p6). This Practice Assessment Document can be used in any field of practice.

Components of Assessment and Feedback (see individual university guidance/regulations)

Professional Values: Professional Values reflect a number of proficiency statements and are captured under the 4 sections of The Code (NMC 2018). All must be achieved by the end of each placement.

Proficiencies: These reflect aspects of the 7 Platforms, communication and relationship management skills and nursing procedures (NMC 2018). These can be assessed in a range of placements but must be achieved at least once *by the end of the Part*. If a proficiency is assessed as achieved early in the Part it is expected that the student maintains that level of competence and could be re-assessed in subsequent placements during the part

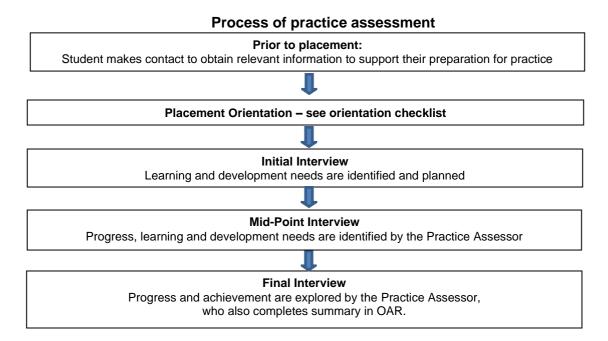

Episode of Care: This holistic assessment(s) facilitates and demonstrates the student's progress and must be achieved by the end of the Part. An episode of cate must be completed in both placements in part one.

Medicines Management: A medication management assessment *must be completed in both placements in part one.*

Patient/Service User/Carer Feedback Form: Feedback will be sought in relation to how the student cared for the person receiving care. This is not formally assessed, but will contribute to overall student feedback.

Recording Additional Experiences and Feedback: There are additional pages for the student to record reflections on their own learning and pages to record communication and additional feedback from all those supporting learning and assessment.

Ongoing Achievement Record: The OAR summarises overall achievements and provides a comprehensive record of student development and overall performance.

King's College London – Pan London Practice Assessment Document Guidelines

Initial Interview

Meeting between student and Practice Supervisor – held within the first week of the placement (all students). Initial learning and development needs and agreement of a learning plan. Date for mid-point interview agreed.

Mid-Point Interview

This involves a review of the professional values as well as the student's overall progression and achievement to date. Feedback can be recorded by the Practice Supervisor but requires agreement/input form the Practice Assessor and student. If there are any concerns about student learning and progress, contact must be made with the nominated Academic Assessor and the link lecturer. If an Action Plan is required, the Academic Assessor must be consulted. Support can also be accessed via cohort leader or personal tutor.

Final Interview

Overall performance is reviewed and feedback from all staff in practice as well as the Academic assessor is considered. The Academic Assessor may be present or may communicate via phone/email as appropriate. All sections in PAD and OAR completed and signed as appropriate. Guidance on the requirements for each placement and part can be found on the 'Guidance for using the PAD to facilitate learning and assessment in practice' page, above.

You are permitted two attempts at a placement, in the same way that two attempts are permitted in academic work. Therefore, if you fail a placement, a second attempt will be arranged for you through a retrieval placement.

The Academic Assessor reviews documentation and action, as necessary. The Module Leader or designate will undertake moderation of submitted PADs

Assessment Board

External Examiner reviews a % of PADs

Criteria for Assessment in Practice

Overall Framework Parts 1 – 3 to be achieved by the end of the part

Guided participation in care and performing with increasing confidence and competence

Part 1

Active participation in care with minimal guidance and performing with increased confidence and competence

Part 2

Practising independently with minimal supervision and leading and coordinating care with confidence

Part 3

The decision on the level of supervision provided for students should be based on the needs of the individual student. The level of supervision can decrease with the student's increasing proficiency and confidence. (NMC, 2018, p 5)

Part 1: Guided participation in Care

'Achieved' must be obtained in all three criteria by the student

Achieved	Knowledge	Skills	Attitude and values
YES	Is able to identify the appropriate knowledge base required to deliver safe, person centred care under some guidance.	In commonly encountered situations is able to utilise appropriate skills in the delivery of person centred care with some guidance.	Is able to demonstrate a professional attitude in delivering person centred care. Demonstrates positive engagement with own learning.
NO	Is not able to demonstrate an adequate knowledge base and has significant gaps in understanding, leading to poor practice.	Under direct supervision is not able to demonstrate safe practice in delivering care despite repeated guidance and prompting in familiar tasks.	Inconsistent professional attitude towards others and lacks self-awareness. Is not asking questions nor engaging with own learning needs.

Professional Values in Practice (Part 1)

Students are required to demonstrate high standards of professional conduct at all times during their placements. Students should work within ethical and legal frameworks, and be able to articulate the underpinning values of The Code (NMC, 2018). Professional Values reflect a number of proficiency statements and are captured under the 4 sections of The Code.

The Practice Assessor has responsibility for assessing Professional Values though the Mid-Point review

can be completed by a Practice Supervisor in liaison with the Practice Assessor. Yes = Achieved, No = Not Achieved (Refer to Criteria for Assessment in Practice) Achieved Initial/ Achieved Initial/ **Mid-Point Date** Final **Date** Yes/No Yes/No (Final) Prioritise people 1. The student maintains confidentiality in accordance with the NMC code. 2. The student is non-judgemental, respectful and courteous at all times when interacting with patients/service users/carers and all colleagues. 3. The student maintains the person's privacy and dignity, seeks consent prior to care and advocates on their behalf. 4. The student is caring, compassionate and sensitive to the needs of others. 5. The student understands their professional responsibility in adopting and promoting a healthy lifestyle for the well-being of themselves and others. Practise effectively 6. The student maintains consistent, safe and personcentred practice. 7. The student is able to work effectively within the interdisciplinary team with the intent of building professional relationships. 8. The student makes a consistent effort to engage in the requisite standards of care and learning based on best available evidence. **Preserve safety** 9. The student demonstrates openness (candour), trustworthiness and integrity. 10. The student reports any concerns to the appropriate professional member of staff when appropriate e.g. safeguarding. 11. The student demonstrates the ability to listen, seek clarification and carry out instructions safely. 12. The student is able to recognise and work within the limitations of own knowledge, skills and professional boundaries and understand that they are responsible for

their own actions.

	Achieved Mid-Point Yes/No	Initial/ Date	Achieved Final Yes/No	Initial/ Date (Final)
Promote professionalism and trust				
13. The student's personal presentation and dress code in accordance with the local policy.	S			
14. The student maintains an appropriate professional attitude regarding punctuality and communicates appropriately if unable to attend placement.				
15. The student demonstrates that they are self-aware and can recognise their own emotions and those of other in different situations.	6

Professional Values in Practice (Part 1)

Students are required to demonstrate high standards of professional conduct at all times during their placements. Students should work within ethical and legal frameworks, and be able to articulate the underpinning values of The Code (NMC, 2018). Professional Values reflect a number of proficiency statements and are captured under the 4 sections of The Code.

The Practice Assessor has responsibility for assessing Professional Values though the Mid-Point review can be completed by a Practice Supervisor in liaison with the Practice Assessor.

Yes = Achieved, No = Not Achieved (Refer	Achieved	Initial/	nent in Practic	Initial/
	Mid-Point Yes/No	Date	Final Yes/No	Date (Final)
Prioritise people				
1. The student maintains confidentiality in accordance with				
the NMC code.				
2. The student is non-judgemental, respectful and				
courteous at all times when interacting with				
patients/service users/carers and all colleagues.				
3. The student maintains the person's privacy and dignity,				
seeks consent prior to care and advocates on their behalf.				
4. The student is caring, compassionate and sensitive to				
the needs of others.				
5. The student understands their professional				
responsibility in adopting and promoting a healthy lifestyle				
for the well-being of themselves and others.				
Practise effectively				
6. The student maintains consistent, safe and person-				
centred practice.				
7. The student is able to work effectively within the inter-				
disciplinary team with the intent of building professional				
relationships.				
8. The student makes a consistent effort to engage in the				
requisite standards of care and learning based on best				
available evidence.				
Preserve safety	<u> </u>			
9. The student demonstrates openness (candour),				
trustworthiness and integrity.				
10. The student reports any concerns to the appropriate				
professional member of staff when appropriate e.g.				
safeguarding.				
11. The student demonstrates the ability to listen, seek				
clarification and carry out instructions safely.				
12. The student is able to recognise and work within the				
limitations of own knowledge, skills and professional				
boundaries and understand that they are responsible for				
their own actions.				

	Achieved Mid-Point Yes/No	Initial/ Date	Achieved Final Yes/No	Initial/ Date (Final)
Promote professionalism and trust	100/110		100,110	
13. The student's personal presentation and dress code is in accordance with the local policy.				
14. The student maintains an appropriate professional attitude regarding punctuality and communicates appropriately if unable to attend placement.				
15. The student demonstrates that they are self-aware and can recognise their own emotions and those of others in different situations.

Assessment of Proficiencies

Incorporating Platforms 1 – 7
Annexe A: Communication and relationship management skills
Annexe B: Nursing procedures

These proficiencies "apply to all registered nurses, but the level of expertise and knowledge required will vary depending on the chosen field(s) of practice". (NMC, Future Nurse, 2018, p22, 26)

Assessment of Proficiencies are undertaken across the Part. These can be assessed in a range of placements but need to be assessed as Achieved (YES) at least once by the end of the Part. If a proficiency is assessed as Achieved (YES) early in the Part it is expected that the student maintains that level of competence and can be re-assessed in subsequent placements at the Practice Assessor's discretion.

The Grade Descriptors are 'Yes' (this proficiency has been achieved), 'No' (this proficiency has not been achieved). Refer to Criteria for Assessment in Practice for further details.

Proficiencies marked with an * can be met in either Part 1 or Part 2

Some of the proficiencies may be met within simulated learning as per the individual university's policy.

Part 1 Assessment of Performance: The individual completing the assessment should draw on a range of observed experiences in which the student demonstrates the required knowledge, skills, attitudes and values to achieve high quality person-centred/family-centred care, ensuring all care is underpinned by effective communication skills.

		cement 1		Placement 2		Placement 3		Placement 4	
	Yes/No	Sign/Date	Yes/No	Sign/Date	Yes/No	Sign/Date	Yes/No	Sign/Date	
26. Demonstrate an understanding									
of the principles of partnership,									
collaboration and multi-agency									
working across all sectors of health									
and social care.									
27. Demonstrate an understanding									
of the challenges of providing safe									
nursing care for people with co-									
morbidities including physical,									
psychological and socio-cultural									
needs.									
28. Understand the principles and									
processes involved in supporting									
people and families so that they									
can maintain their independence									
as much as possible.									
29. Provides accurate, clear,									
verbal, digital or written information									
when handing over care									
responsibilities to others.									
*Part 2 No.12 (May be met in Part 1,									
see OAR.)									
Utilises aseptic techniques when									
undertaking wound care and in									
managing wound and drainage									
processes (including management of									
sutures and vacuum removal where									
appropriate)									

Part 1 Episode of Care - Formative Placement One (to support development & gain feedback)

This assessment must be completed by the end of Part 1.

The Part 1 summative episode of care (final) assessment will be undertaken by the Practice Assessor.

Guidelines

The practice supervisor/assessor and student will identify an appropriate episode of direct care involving meeting the needs of a person/family receiving care. Professionalism underpins all aspects of the student's performance.

The aim of this assessment is to demonstrate the student's progression in the following 5 platforms within the *Future Nurse: Standards of proficiency (including skills from annexe A and B)* (NMC 2018) **in the context of their intended field(s) of practice:**

- Promoting health and preventing ill health
- Assessing needs and planning care
- · Providing and evaluating care
- Improving safety and quality of care
- Coordinating care

Effective communication and relationship management skills underpin all aspects of care. (Annexe A)
Students are required to use appropriate approaches and techniques considering the person's motivation, capacity and need for reasonable

adjustment applying understanding of mental capacity and health legislation as appropriate.

Learning outcomes

- 1. Work in partnership with the person receiving care, their families and carers (where appropriate), can undertake an accurate assessment and provide evidence based, compassionate and safe nursing care.
- 2. Demonstrate understanding and can apply the relevant knowledge and skills to meet the individual's needs relating to dignity, comfort, hygiene and mobility.
- 3. Communicate effectively utilising appropriate verbal and non-verbal skills in the delivery of person centred care decisions, taking into consideration the use of personal communication aids as appropriate.
- 4. Identify the impact of lifestyle choices on the individual's mental and physical health and wellbeing and demonstrates the principles of health promotion and preventing ill health.
- 5. Demonstrate that they have maintained professional values and demonstrates knowledge of safety and safeguarding for the person receiving care and the carers and/or family.

Student reflection on an episode of care	
Within your reflection, describe the episode of care and how you assessed, delivered and evaluated care.	What did you do well?
	What would you have done differently?

Practice Assessor feedback							
Based on the student's reflection, your observation and discussion of the episode of care, please assess and comment on the following:							
Yes = Achieved, No = Not Achieved (Refer to Criteria for Assessment in Practice)							
Standard of proficiency	Yes/No	Comments					
Assessing needs and planning care Takes an accurate history and undertakes a person centred assessment in order to plan effective care. Providing and evaluating care Provides person-centred evidence based care in managing dignity, comfort, hygiene and mobility							
needs of the individual.							
Promoting health and preventing ill health Applies the principles of health promotion and improvement as appropriate when caring for the individual and their families.							
Improving safety and quality of care Undertakes relevant risk assessments (e.g. falls, skin integrity, mental capacity) that may be required and demonstrates an understanding of the difference between risk aversion and risk management.							
Coordinating Care Utilises a range of communication skills to effectively engage with the person receiving care, their family/carers and members of the multidisciplinary team in the provision and evaluation of care.

Part 1 Placement One Medicines Management

This assessment must be completed by the end of Part 1 where the student safely administers medicines to a group of patients/service users or a caseload of patients/service users in any care setting.

During Part 1 the student should be developing their knowledge and skills in relation to the safe administration of medicines. This assessment should normally be undertaken with one or more patients/service users. **Professionalism underpins all aspects of the student's performance.**

The student must be allowed a number of practice opportunities to administer medicines under supervision prior to this assessment.

The student must work within the legal and ethical frameworks that underpin safe and effective medicines management and work within national and local policies.

Regulatory requirements: Future Nurse: Standards of Proficiency for Registered Nurses (NMC 2018), The Code (NMC 2018), A Competency Framework for all Prescribers (The Royal Pharmaceutical Society 2016)

The aim of this assessment is to ensure students can perform safe administration of medicines under direct supervision.

Learning outcomes

- 1. Apply knowledge of pharmacology, how medicines act and interact in the systems of the body, and their therapeutic action.
- 2. Prepare routine medications where necessary, safely and effectively administer these via common routes and maintains accurate records.
- 3. Safely and accurately perform medicines calculations.
- 4. Demonstrate that they have maintained appropriate professional values, expected attitudes and behaviours during the administration of medicines.
- 5. Maintain safety and safeguard the patient from harm, demonstrating understanding of the Mental Capacity Act (DH 2005) and The Mental Health Act (DH 1983, amended 2007), where appropriate.

	· — •	- Acineve	1 NO =	Not Achieved	
	Competency	Yes/No		Competency	Yes/No
1.	Is aware of the patient/service user's plan of care and the reason for medication demonstrating knowledge of pharmacology for commonly prescribed medicines		7.	Prepares medication safely. Checks expiry date. Notes any special instructions/contraindications	
2.	Communicates appropriately with the patient/service user. Provides clear and accurate information and checks understanding		8.	Calculates doses accurately and safely Demonstrates to assessor the component parts of the calculation Minimum of 3 calculations undertaken	
3.	Understands safe storage of medications in the care environment.		9.	Checks and confirms the patient/service user's identity and establishes consent. (ID band or other confirmation if in own home)	
4.	Maintains effective hygiene/infection control throughout		10.	Administers or supervises self-administration safely under direct supervision. Verifies that oral medication has been swallowed	
5.	Checks prescription thoroughly. Right patient/service user Right medication		11.	Describes/demonstrates the procedure in the event of non-adherence.	
	 Right time/Date/Valid period Right dose/last dose 		12.	Safely utilises and disposes of equipment	
	Right route/method		13.	Maintains accurate records.	
	Special instructions			 Records, signs and dates when safely administered 	
'			14.	Monitors and reports effects and is aware of common side effects and how these are managed	
6.	Checks for allergies demonstrating an understanding of the risks and management of these as appropriate • Asks patient/service user		15.	Uses appropriate sources of information e.g. British National Formulary	
	Checks prescription chart or identification band		16.	Offers patient /service user further support/advice/education, including discharge/safe transfer where appropriate
