

Our business is backed by electricity generated from renewable sources.

We certify that Kings College London

has its electricity supply backed by Clean Renewable 100% from EDF Energy including supply from dedicated TEC PPA.

1st April 2020 to 31st March 2021

A handwritten signature in black ink, appearing to read 'R. Hughes'.

Rich Hughes
Director of Sales and Marketing

All source certification meets GHG Protocol Scope 2 Guidance Quality Criteria. This is not a REGO certificate. REGO certificates are held by energy suppliers for Fuel Mix Disclosure. The low carbon electricity that we buy for Renewable tariffs and products is supplied into the National Grid. Customers receive that electricity through the National Grid, not directly from low-carbon generators.

*Electricity generated from any combination of natural sources, such as wind, solar and hydro, which will be evidenced by REGOs.
