Welcome...

...to King's College London one of the world's leading universities based in the heart of London.

This guide will give you an introduction to our campuses and services to help navigate your way around King's.

Accessibility

King's is committed to disability equality. Accessible provides detailed Accessible Campus Guides for all King's campuses and accommodation, which include information about hearing systems, accessible toilets, building access and more.

Find out more by searching King's College London on accessible.co.uk

Cycling to Campus

A mixture of public and secure cycle parking are available across our campuses, sports grounds and Residences. More information on cycling facilities at King's can be found on our webpages:

A top tip from our cycling community is to register your bike at bikeregister.com and secure it with two locks. Cycling to and between campuses is one of the ways that our community supports sustainable travel and helps to reduce carbon emissions.

Book a room

As part of our 'It's My Campus!' policy we encourage students to make use of our spaces for study, activities and meetings.

Individual students can find information on how to book a room at internal.kcl.ac.uk/bookroomstudents

Students can also request catering through King's Food and audio/video support, as needed.

Campus shower facilities

Whether you cycle to campus or are a part of any one of King's official student sports clubs, we have mapped out all the gender-neutral shower facilities that you can use on our campuses.

Find out where your nearest gender-neutral shower facilities are by clicking 'Gender Neutral Washroom Locations' on www.kcl.ac.uk/visit/london-maps

Food

Catering is available at all our campuses. Dietary requirements including Halal, gluten free and vegan are catered for wherever possible, and vegetarian food is widely available. Our King's Food staff are happy to help if you have any questions.

King's Food is a member of the Sustainable Restaurant Association, enabling us to provide you with more ethical and sustainably sourced food.

Gender neutral toilets

There is at least one gender neutral toilet on each campus alongside gendered facilities. Gender neutral toilets are open to all and can be a positive choice for many people including trans, non-binary, and intersex people.

For the locations of the gender-neutral toilets, check out the map on the reverse side of this page.

IT

Visit kcl.ac.uk/it to learn about all the IT facilities available to you, including free software.

Students and staff can connect to Wi-Fi with 'Eduroam'. Log in using your K(number)@kcl.ac.uk email and password.

24-hour support is available via the IT Service Desk: call **0207 848 8888** or email itservicedesk@kcl.ac.uk or visit the Campus TechBars.

Sport & Wellness

King's offers a wide variety of sports. With over 70 clubs available at KCLSU, there is bound to be something for everyone. To see what clubs are available, search the KCLSU website. Joining a sport's club is a great way to get involved in the King's Community, with the added bonus of Sport's Night every Wednesday at Guy's Bar.

If clubs aren't for you, then join two of King's Gyms for the price of one. A King's Sport & Wellness Gym membership will get you access to both of our campus gyms located at Strand and London Bridge.

Parenting rooms

There are Parenting rooms at our Denmark Hill, Guy's, Strand, St Thomas' and Waterloo campuses to support parents and carers working, studying or visiting King's. The rooms are lockable and include nursing chairs, fridges, sterilising facilities, baby changing facilities, kettles and hand sanitising products.

For further details search 'Parenting rooms' on kcl.ac.uk or speak to a member of our reception team.

Prayer rooms and chapels

King's welcomes students, staff and visitors of all beliefs and backgrounds.

There are many locations for prayer and worship for students and staff on our campuses including chapels, Muslim prayer rooms and a Dharmic prayer room.

To learn more, visit the Chaplaincy website at kcl.ac.uk/chaplaincy

Sanitary products

King's is tackling period poverty by providing our students with free sanitary products across all our campuses. Students are invited to help themselves to pads and tampons which can be found at most of King's toilet facilities.

Our aim at King's is to support the equality and dignity of our whole community, believing no one should have their studies impacted by not being able to access period products.

Sustainability

Enabling environmental sustainability in response to the climate emergency is a whole-university strategic priority. King's is accelerating transformative multidisciplinary research and embedding sustainability more deeply into our teaching, partnerships and impact, as we continue to 'walk the talk' in our operations and actions. King's Climate & Sustainability Action Plan sets out targets across 13 key impact areas, from managing our

estates to providing sustainable food.

Join the Sustainability Champions programme to help make King's a more sustainable place. You can learn more about sustainability and taking action via the KEATS Sustainability & Climate module. Throughout the year, you can attend a range of events on sustainability and climate change, including the annual Climate & Sustainability Month in February.

To find out more, visit kcl.ac.uk/climate-sustainability

Security

Security is provided 24/7 across the university by King's staff who are there to help. Do take the time to say hello and get to know them.

Students and staff should always display a valid King's ID card when on campus.

Remember to look after your personal items and avoid leaving them unattended in work and study spaces.

0207 848 2222 (Guy's, Strand & Waterloo)
0207 848 0001 (Denmark Hill East)
0207 848 5555 (Denmark Hill West)

Service desk

For maintenance and other services such as cleaning, fixing broken lights, room set ups, signage and more, contact the Estates & Facilities (E&F) Service Desk. The service desk is available 24-hours a day, 7 days a week.

ask@kcl.ac.uk
+44 (0)20 7848 3456
88888@kcl.ac.uk

Smoke-free

Smoking and vaping are not allowed in any of our university buildings or on the grounds of any of our campuses.

King's is committed to creating and maintaining a healthy environment for everyone and offers stop smoking clinics for students and staff.

UPAY

Use the UPAY app to top-up and pay for food and drinks with your mobile phone or King's ID in all King's Food catering outlets.

UPAY users earn loyalty points and get exclusive access to a range of benefits and promotions through the app.

Download the UPAY app or go to upay.co.uk and register using your K-number and the affiliate ID 'KCL'.
