## FINAL EXAMINATION TIMETABLE

---

### UNDERGRADUATE AND POSTGRADUATE

---

**PERIOD 2 - 2024 (29th April to 31st May)**

---

---

**You must check the dates, times and durations given on this timetable very carefully.**

---

Please find below the Examination Timetable for examinations taking place in Period 2 - 2024, both online and in-person. Please note that, if your exams are online, your timetable shows the date and time that your assessment **opens**. Therefore, your assessment will not be available before this time and will close once the displayed allotted time has passed.

#### **24 Hour Submissions**

If you have an assessment that is listed as a 24hr duration this could be in one of two formats.

- 1) You will have 24 hours from the date and time on your timetable to submit your assessment via KEATS. You can submit your assessment at anytime within the 24 hours provided, as long as the final submission is within the 24 hour period. However it is not expected that assessments should take any longer to complete than the original allowed time e.g 3 hours.
- 2) You will have 24 hours from the date and time on your timetable within which you may open your assessment at any point. Once the assessment has been opened, you will have an allocated amount of time to complete the assessment, however this will become timed once opened.

**Please contact your course department for any query on the duration of your assessment.**

**If you have overlapping 24hr assessments within your timetable, you are expected to manage your time throughout this period to submit your assessments before the submission deadlines.**

#### **Timed Submissions (3 hours or less)**

If you have an assessment that is now a timed online assessment. The window for submission begins at the date and time on your timetable. You will not be able to access this assessment after the allotted time has passed.

For any queries regarding your examinations please contact your course department.
