PCAT: Patient Categorisation Tool
 RCS: Rehabilitation Complexity Scale
 FIMFAM: UK Functional Assessment Measure
 NPDS: Northwick Park nursing Dependency Score
 NPCNA: Northwick Park Care Needs Assessment
 GAS: Goal Attainment Scoring

* % PCAT tool completeness based on 2014–2015 data
 ** % RCS, FIMFAM, NPDS completeness based on total admission and discharge values

2013 – 2015: Trauma population N=3281; trauma rehabilitation population N=3155; efficiency population N=2185 (See table 12.10)

Salford and UCLH have low cost-efficiency data recorded due to missing information on NPCNA

The Unit at Northwick Park Hospital includes hyper-acute beds but the analysis cannot process them separately
