

**Measuring the difference we make:  
Outcome measures and quality indicators in palliative care**  
Monday 6<sup>th</sup> July 2015  
King's College London, Cicely Saunders Institute

***How are clinical outcomes  
measured in palliative care?***

- Work from Canada, UK, USA, Germany and Belgium will be presented

***The practical challenges of:***

- What to measure?
- What measures to use?
- How to report outcomes data?
- How to use effectively in practice?

Measuring outcomes  
to improve care

***This one-day conference will look to  
discuss and address these issues from  
a clinical and research perspective***
