

Overseas Registration Exam (ORE) Part 1 Policy and Procedures

Candidate Feedback

1. Introduction

- 1.1 Feedback aims to outline those domains within the GDC preparing for practice learning outcomes in which the candidate may benefit from some additional development.

As such it aims to provide a stimulus for personal reflection with a view to formulating a plan of action.

- 1.2 The Faculty of Dentistry, Oral & Craniofacial Sciences (FoDOCS) will provide feedback to candidates who have sat both Paper A and Paper B of the Overseas Registration Examination.

2. Policy and Procedures

- 2.1 FoDOCS will provide feedback via email to ORE candidates within 21 working days of the release of results by the General Dental Council.
- 2.2 The nature of the feedback provided may vary but typically it will indicate to candidates how they have performed within key topics in each of the Part 1 papers.
- 2.3 FoDOCS will not provide any additional feedback to candidates beyond that outlined in 2.2. Should any candidate require further explanation regarding *how* feedback is generated they can contact the ORE Examinations Officer (Email: oreexams@kcl.ac.uk; Tel: 0207 188 8095) who will endeavour to clarify the process for the candidate.
- 2.4 Candidates *cannot access* transcripts of their answers for the Part 1 examination as this could compromise the integrity of the question bank for future diets of the examination.
- 2.5 Any candidate who completes only one of the two papers that comprise the Part 1 examination will automatically fail the examination and will not receive feedback.
- 2.6 The results for any candidate who successfully withdraws retrospectively from the Part 1 examination will be 'set aside' and he/she will not be entitled to receive any feedback regarding their performance in any of the elements of the examination.
