Stands

How should you
stand look?

Please Note: Due to limited space at our events and in response to student and employer feedback, for fairs we now only allow two single pull-up banners or one double-standard width pull up banner. **Installations larger than this will be refused.**

Please see an example stand below, also with QR codes linking to further information and sustainable giveaways.

Electricity is not available at events in our Great Hall.

What can I bring?

In line with our [Commitment to Sustainability](#), we strongly encourage employers to think with careful consideration what materials they choose to bring to our activities.

Whilst we are confident in our robust risk assessments enabling us to return to campus, including regular air circulation and ventilation, we are also seeking to maximise circulation space in our Great Hall so kindly request you do **NOT bring large stands, lighting rigs and other equipment but instead bring 1-2 roller banners.**

Due to the size of our room, please bring no more than 3 representatives with you for your stand.
