

# Global Placements

## Should I host a King's College London Placement?

### What is a Global Placement?

- Full-time work placement of 9-12 months in length.
- Paid placement (at least national minimum wage\*).
- Meaningful work experience which enables a student to put their academic studies into practice whilst acquiring broader knowledge, attributes and skills which will develop their employability learning.
- Recruit a student who has completed two+ years of an undergraduate (BA/BSc/MSci) degree from a leading global university.

### How would it benefit your organisation?

- Explore new talent with fresh ideas and up-to-date learning in their discipline.
- Strengthen your graduate recruitment pipeline with diverse talent.
- Recruit a cost-effective solution for short-term projects in your organisation.
- Enhance your brand awareness within our diverse student body.
- Connect and deliver impactful work with a top international university.
- Benefit from full lifecycle support from our dedicated Advisers for free.
- Upskill your existing staff, providing project management, supervision and line management opportunities.

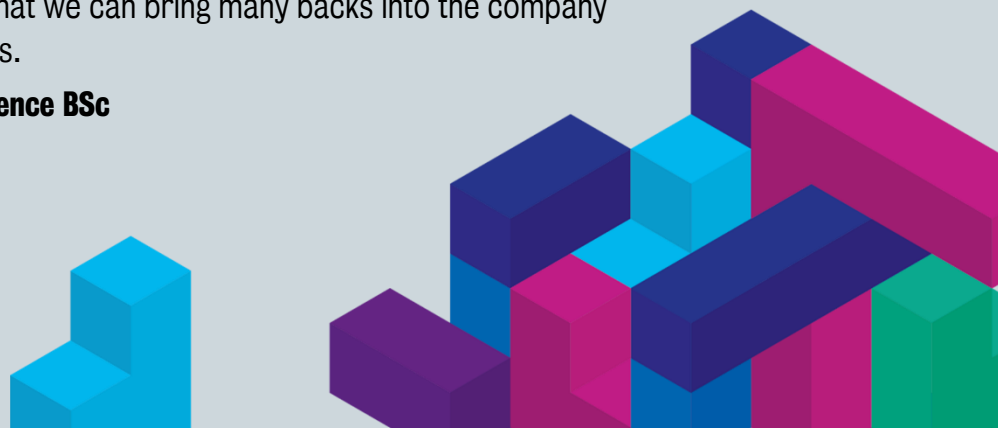

### Which degree programmes does King's offer with a placement?

- Artificial Intelligence BSc
- Business Management with a Year in Industry BSc
- Chemistry with a Year's Professional Placement BSc & MSci
- Chemistry with Biomedicine with a Year's Professional Placement BSc & MSci
- Computer Science with a Year in Industry BSc
- Computer Science with Management & Year in Industry BSc
- Economics & Management with a Year in Industry BSc
- International Management BSc
- Mathematics with a Year in Industry BSc & MSc
- Mathematics with Management and Finance and a Year in Industry BSc
- Mathematics with Statistics with a Year in Industry BSc

The calibre of applicants from King's is incredibly high and they are always a strong asset to our development team and in turn we offer challenging and fulfilling work during the placement. We always remain in touch with our placement students, and we hope that we can bring many backs into the company once they have finished their studies.

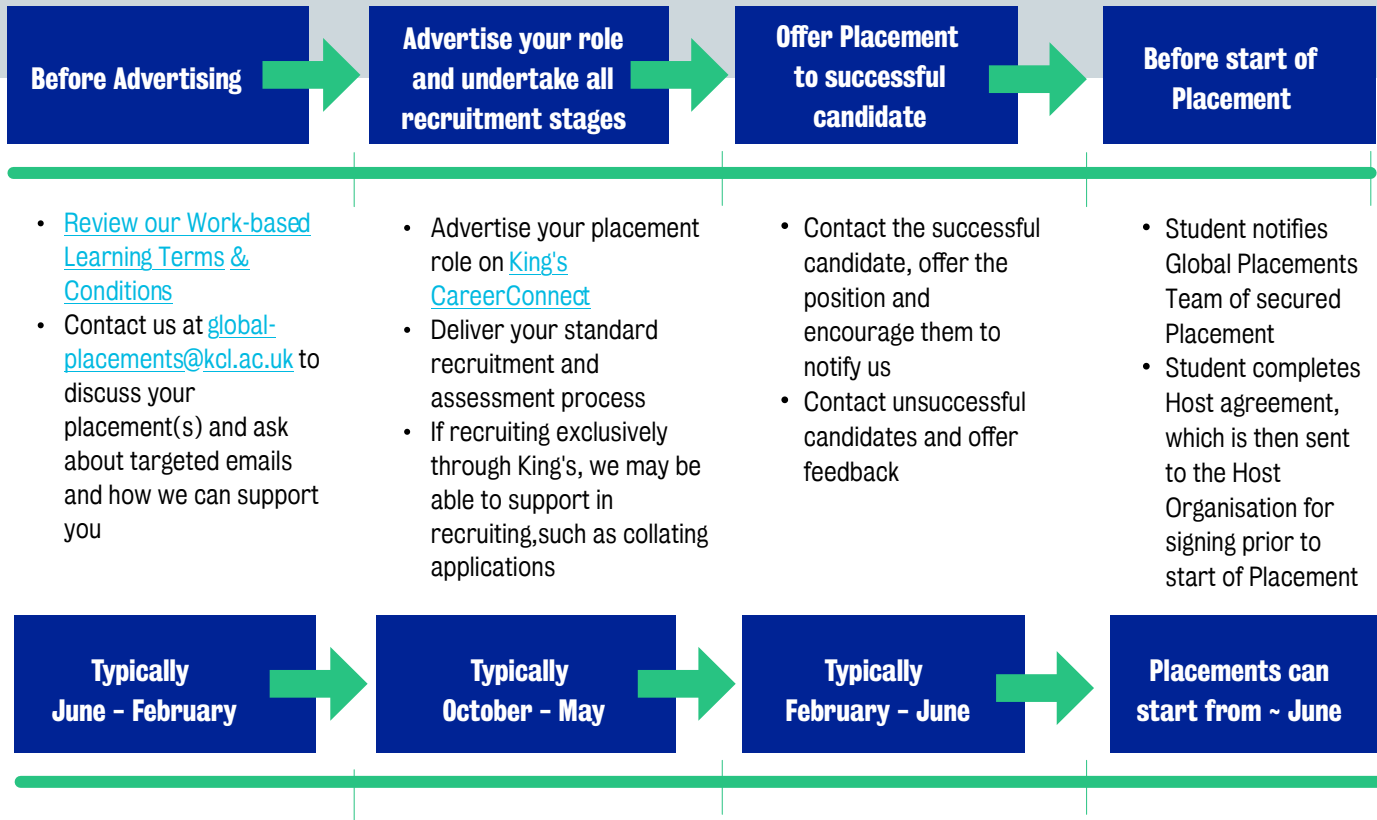

**PaperPlanes - hosted Computer Science BSc students in 2021/2022 & 2022/23**
