

Master Class Series 2019

hosted by the

[Wellcome Trust 'Cell Therapies and Regenerative Medicine' Four-Year PhD Programme](#)

A successful research career in 2019 requires a diverse skill set and approach. The Wellcome Trust PhD Programme [Master Class Series](#) will broaden your perspective of how the science you generate fits in with the world at large. A wider viewpoint will not only help you to instigate and maximise funding and development opportunities, but also to expand your academic research prospects and raise your awareness of alternative career tracts. These talks are **open and relevant to** all health science researchers (i.e. graduate students, postdocs, lecturers and research staff) across the different health science faculties here at King's.

All talks will take place in: Seminar Room 2, Centre for Stem Cells and Regenerative Medicine, 28 th floor (Lift Bank A), Guy's Tower			
16:00 on Wednesday 2019	Speaker	Position, Organisation	Title/Topic
10 Apr	Ms Hannah Taylor Lewis	Press Officer, Science Media Centre	Communicating science in the media
17 Apr	Mr Dominic Falcão	Director, Deep Science Ventures	How you can use venture to scale the impact of science
