

# Amrita Dhillon

*Professor of  
Economics*

DEPARTMENT OF POLITICAL ECONOMY

In my career, I have had the opportunity to meet some really bright students. I love their youthful enthusiasm for learning. At the other end of the age spectrum I meet professors, even retired, who are still working as hard as they ever were, who are passionate about their research and who have not lost their child-like curiosity about the world. The other bit I love is the flexibility and freedom to choose your own research.
