

13:00-13:15 Registration

13:15-13:30 Welcome - *Sasi Conte*

Scientific session

Chair: *Jim McDonnell*

13:30-14:15 Michael Marber (The Rayne Institute)
"Keeping TABs on p38 α "

14:15-14:30 Daniel O'Loughlin (Randall Division)
"tbc"

14:30-14:45 Nicola Pace (Cardiovascular Division and Randall Division)
"Study of thin filament complexes by solid state NMR spectroscopy"

14:45-15:30 Lindsay Edwards (Centre of Human & Aerospace Physiological Sciences)
"Modelling, 'omics' and good old fashioned physiology!"

15:30-16:00 Tea and coffee - Poster session

Invited lecture

Chair: *Sasi Conte*

16:00-17:00 Michael Sattler
(Technische Universität München & Helmholtz Zentrum München)
"NMR studies of protein molecular recognition and dynamics"

17:00-17:10 Closing remarks - *Brian Sykes FRS* (University of Alberta)

17:10-18:00 Reception
