Theory of Action

Weak governance and accountability

Low investment in health

Conflict and health emergencies

Poverty

5 MILLION PREVENTABLE DEATHS BECAUSE OF:

Shortfalls of health workers

Lack of adequate education, training and support for health workers

Underdeveloped leadership and management skills

Weak systems and processes for the management of health services

Lack of patient-centred

STRENGTHENING HIGHER **EDUCATION AND TRAINING**

IMPROVING THE QUALITY **OF HEALTH SERVICES**

WE CONNECT UK AND AFRICAN HEALTH PROFESSIONALS, **AND WORK IN** PARTNERSHIP TO:

- Train, mentor and provide hands-on support
- Undertake collaborative research to inform policy and practice
- Promote skills and knowledge exchange and mutual learning
- Provide advice to support the development of national policies and sector governance
- Provide access to funding, networks and development opportunities

Access to quality health care

HEALTH SYSTEMS PROVIDING QUALITY CARE, LEADING TO REDUCTIONS IN MORTALITY AND

A stronger health workforce

MORBIDITY
