Applications for the Masters programme

Before you apply please read these three paragraphs:

Your application must contain the **personal statement** and a **research proposal** of your dissertation. Please type or paste these both under the ‘personal statement section’, there is no additional section for the research proposal. Alternatively, you can upload a file in the portal or you can use the research outline section (but not 1500 words). At this stage the proposal is primarily needed to ascertain that your chosen field of research lies within the subject area and that a suitable supervisor will be available to you. Students typically submit a 100-word-paragraph.

We do **not** need a new reference or any certificates with your application. You only need to state the date and grade of your PG Diploma. Where the system asks you for references and certificates, just upload a word document saying ‘already supplied for the PG Diploma’.

Please do **not** enter an email address for your referee, the system chases these automatically. If you cannot proceed without putting in any details, please use email address diploma@kcl.ac.uk

The **application portal for the MAs closes on 28 August**, you cannot apply for the MA after this date.

**What happens next?**

- Applications are considered by the programme directors
- Offers will be made by email once decisions are received (approx 10 days later)
- You need to pay a deposit of £1000 to be able to accept the offer through the admission portal
- Once you have accepted your offer you will receive an online enrolment prompt which you need to complete
- If your enrolment is completed by 1 October you will be put in touch with your supervisor by email on 1 October (or the following Monday if the 1 October falls on a Saturday/Sunday)
- The completed enrolment will trigger your invoice. The remainder of your tuition fee will be split in two equal parts. The first is due by 31 October or 14 days from date of invoice if later. The second part is due by 31 January.
