# Using Library Search to find a book

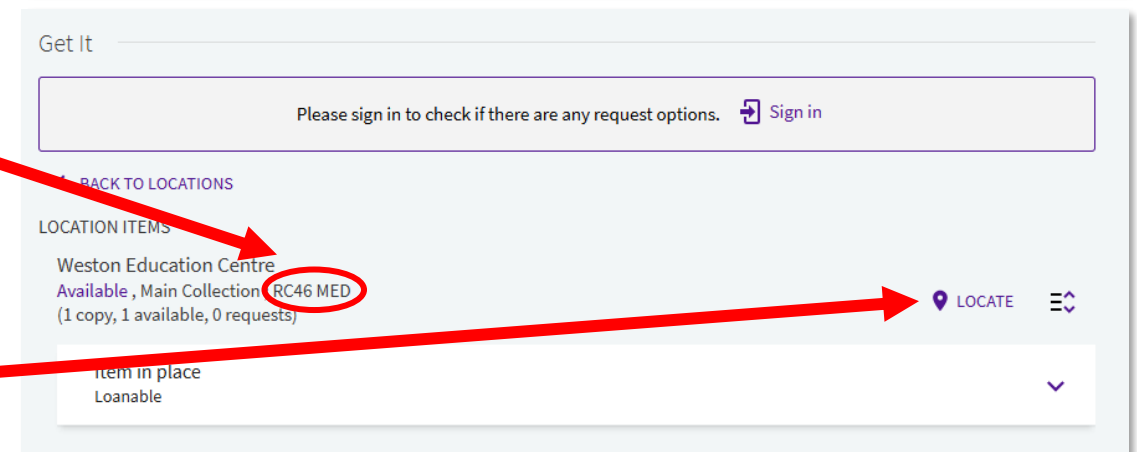

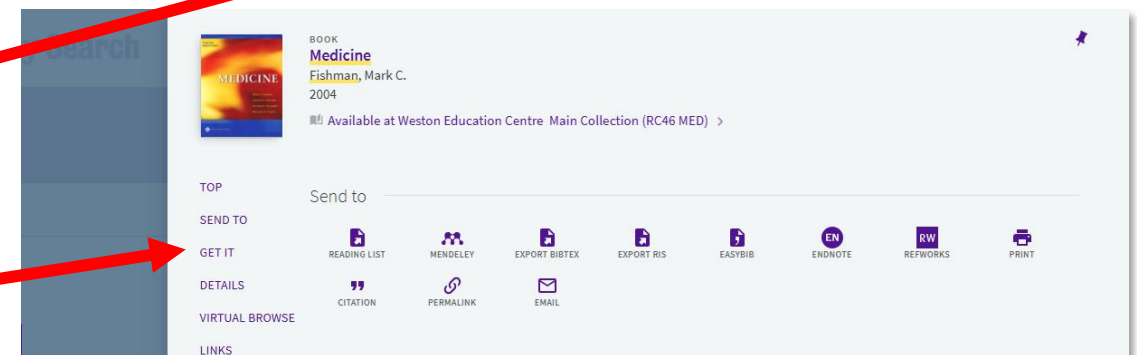

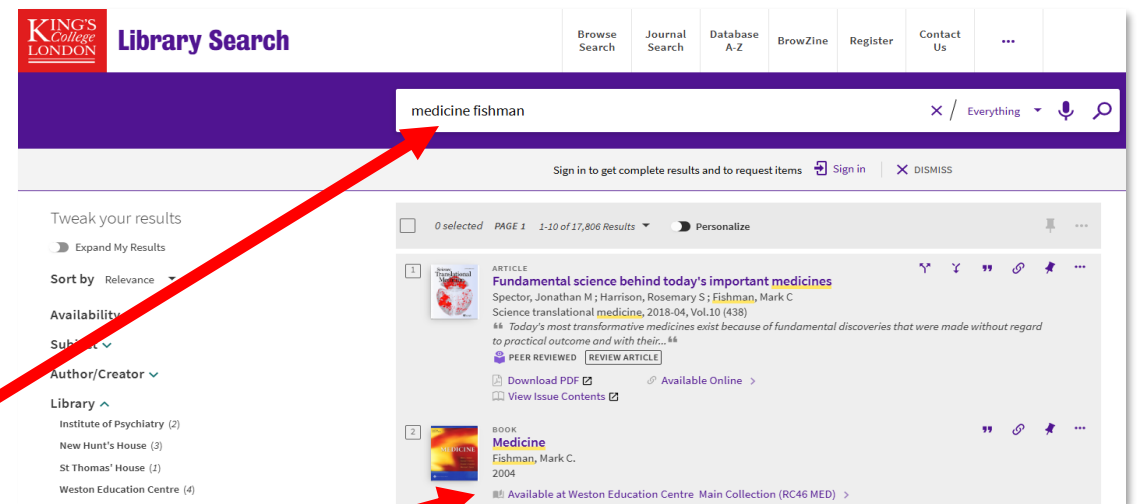

1. Type in the keywords (title or author) and click on the search icon 🔍

2. Click on the 'Available at...'

3. Click on 'GET IT' or scroll down to the Locations section

4. If 'Available' within the library note the library location e.g. Weston Education Centre and the classmark (classmark = shelf location code e.g. RC46 MED)

5. All Weston Education Centre Library books are located on the First Floor. Click "Locate" to view the library floor plan and find the book icons. Then, check the shelves for the book's classmark.

Are you new to Kings or want to find out about more advanced features for Library Search?
