Inspiring and enabling the next generation of Doctors

OUTREACH FOR MEDICINE

OUTREACH FOR MEDICINE

OUR SPONSORS
As part of its 700th anniversary celebrations in 2008, the Worshipful Company of Barbers launched an appeal amongst its members which has enabled the Company to support the work of Outreach for Medicine for seven years. After the closure of the appeal, the Company decided to continue to support the work from its general Charitable Funds. In the Middle Ages, barbers once practiced surgery as Barber-Surgeons. The two skills separated when the surgeons left in 1745, ultimately to form the Royal College of Surgeons. Now nearly half of the Barbers’ Company members are from medical disciplines and the Company’s charitable activities are focused on medical education. Further information about the Company can be found at www.barberscompany.org or from the Clerk at Barbers-Surgeons’ Hall, London EC2Y 5BL.

July 2017

www.kcl.ac.uk/outreachmed
An intense 3 day course for Year 12 students, held in the Easter holiday.
This is an opportunity to get a deeper insight into the life of a medical student and a practising doctor, whilst learning what it takes to get there. Attendees take part in various interactive workshops including clinical skills, UKCAT practice and interview preparation, as well as clinical placements to local hospital wards and GP surgeries.

Med-View application forms will be available online and via e-mail from early December.
