-	-	RPL	<p>Recognition of Prior Learning</p> <p>This is the process undertaken via admission to the course which recognises theory and practice learning achieved prior to the start of the course. Use of RPL permits an MSc course to be offered with a duration of two years, instead three.</p> <p>Via RPL Portfolio:</p> <ul style="list-style-type: none"> • 900 hours theory learning • 900 hours practice learning 	-	Prior to commencement of the course

Part	Status	Module Code	Module Title	Credits	Year & Term
1	Core	Various	<p><u>Mandatory training, year 1</u></p> <p>This module has been created as the record of Mandatory Training for each year of the course. This is required to be completed at the beginning of each academic year, prior to the first placement.</p>	0	Before placement
1	Core	7KMHDU01	<p>Nursing the Person with Acute and Enduring Disturbance to Health I</p> <p>The module aims to introduce you to nursing of people with acute and enduring disturbances to physical and/or mental illnesses. Emphasis will be placed on the key concept of shared clinical decision making and will include development of cue recognition. Nursing process, critical thinking, enquiry, and decision-making serve as the framework for acquisition of knowledge for the management of patients.</p>	45	Year 1 - Terms 1, 2 & 3
1	Core	7KMHDU11	<p>Dual-Award Practice Assessment Document – Part 1</p> <p>This module has been created to record the submission of the Practice Assessment Document, including completion of the required number of practice learning hours.</p> <p>Comprising 550 practice learning hours:</p> <ul style="list-style-type: none"> • 225 hrs - Part 1 Adult Nursing placement (6 wks) • 225 hrs - Part 1 Mental Health Nursing placement (6 wks) • 100 hrs - Simulated practice 	0	Year 1 - Terms 1 & 2

Part	Status	Module Code	Module Title	Credits	Year & Term
1	Core	7KMHDU02	<p>Biosciences for Nursing Practice</p> <p>This module will provide you with the opportunity to develop and consolidate your bioscience knowledge and understanding as it relates to concepts of health and illness. It will also critically explore the core bioscience concepts for the 21st century (genetics, microbiology, immunology, and pharmacology) as they relate to adult and mental healthcare, patient experience and engagement, and nursing practice.</p>	30	Year 1 - Terms 1 & 2
1	Core	7KMHDU03	<p>The Art and Science of Nursing Practice</p> <p>This module will provide you with the professional knowledge, skills and values which are at the heart of providing holistic, compassionate, and inclusive person-centred care and professional practice. In addition, the module evaluates and synthesises the knowledge, skills and values underpinning professional behaviour. It will provide you with the opportunity to evaluate and synthesise theories, models, and frameworks that enhance the understanding of professional nursing practice. These will also support and guide you in the delivery of meaningful and effective nursing. It will also provide you with the knowledge and evaluative skills needed to access, appraise, and use research findings in practice. It is grounded in evidence-based practice and practice research.</p>	30	Year 1 - Terms 1 & 2

Part	Status	Module Code	Module Title	Credits	Year & Term
1	Core	7KMHDU12	<p>Dual-Award Practice Assessment Document – Part 2</p> <p>This module has been created to record the submission of the Practice Assessment Document, including completion of the required number of practice learning hours.</p> <p>Comprising 550 practice learning hours:</p> <ul style="list-style-type: none"> • 225 hrs - Part 2 Adult Nursing placement (6 wks) • 225 hrs - Part 2 Mental Health Nursing placement (6 wks) • 100 hrs - Simulated practice 	0	Year 1 - Term 3, & Year 2 - Term 1
2	Core	Various	<p><u>Mandatory training, year 2</u></p> <p>This module has been created as the record of Mandatory Training for each year of the course. This is required to be completed at the beginning of each academic year, prior to the first placement.</p>	0	Before placement
2	Core	7KMHDU04	<p>Nursing the Person with Acute and Enduring Disturbance to Health II</p> <p>The module builds on the fundamental knowledge and skills you learned in “Nursing the Person with Acute and Enduring Disturbance to Health I”. The module aims to enhance your knowledge, skills, and competence to align identified critical cues and patient conditions to prioritise and coordinate patient needs, concerns, or problems. In response to patient needs the module explores how you take appropriate actions and participate in follow-up evaluation of nursing actions.</p>	45	Year 2 - Terms 1, 2 & 3

Part	Status	Module Code	Module Title	Credits	Year & Term
2	Core	7KMHDU13	<p>Dual-Award Practice Assessment Document – Part 3</p> <p>This module has been created to record the submission of the Practice Assessment Document, including completion of the required number of practice learning hours.</p> <p>Comprising 775 practice learning hours:</p> <ul style="list-style-type: none"> • 225 hrs - Part 3 Integrated (Adult/Mental Health Nursing) placement (<i>6 wks</i>) • 450 hrs - Part 3 Integrated (Adult/Mental Health Nursing) placement (<i>12 wks</i>) • 100 hrs - Simulated practice 	30	Year 2 - Terms 2 & 3
2	Core	7KMHDU05	<p>Transition to Dual-Registered Nurse</p> <p>This module will provide you with the opportunity to develop, synthesise, evaluate, and consolidate your leadership and management skills in the context of nursing and healthcare. It will explore the leadership, political and economic context of healthcare and nursing providing you with key skills and knowledge to lead in practice. It will also provide you with the skills needed to continue your professional development throughout your careers, commit to patient experience and engagement, service and quality improvement and locate yourselves as dual-registered nurses in a healthcare landscape.</p>	45	Year 2 - Terms 2 & 3

PLEASE NOTE:

- The above curriculum has been designed to meet the NMC 2018 Standards. The above page references the NMC-approved practice learning hours in each part of the programme. However, this may vary annually as the programme is delivered in partnership with our practice learning partners. You will be offered sufficient opportunities to achieve the required number of hours to achieve NMC Registration across the whole of the programme.

- Module information and content may vary between years. For full details of the course structure, including requirements for theory and practice learning hours, please refer to the Programme Plan published in your Cohort space in KEATS.
- In order to progress to a following part of the programme or receive an award at the end of the programme, you must successfully complete all listed modules and all practice learning hours. If the required number of practice learning hours are not complete by the end of the relevant part of the programme, you may be required to complete an Action Plan, and/or to interrupt from the programme. Please ensure your Academic Assessor is able to review your PAD & OAR documents for each part of the programme.
- Module timetables may vary from the above - please check scheduled teaching online via: [**https://timetables.kcl.ac.uk**](https://timetables.kcl.ac.uk).
