Professor Paul Black
Emeritus professor of science education
Department of Education, King’s College London

Selected Publications

Black, P. (2001)
'Dreams, Strategies and Systems: Portraits of Assessment Past, Present and Future'
Assessment in Education 8, (1), pp.65-85

Black, P. (2000)
'Research and the Development of Educational Assessment'

Black, P. (1998)
'An International Overview of Curricular Approaches and Models in Technology Education'

Black, P. (1998)
'Learning, League Tables and National Assessment: opportunity lost or hope deferred?'
Oxford Review of Education 24, (1), pp.57-68

'Assessment and Classroom Learning'
Assessment in Education 5, (1), pp.7-74

'Meanings and consequences: a basis for distinguishing formative and summative functions of assessment?'

Black, P. (1995)
'Curriculum and Assessment in Science Education: The Policy Interface'
International Journal of Science Education 17, (4), pp.453-469

Black, P. (1994)
'Performance Assessment and Accountability: the Experience in England and Wales'
Educational Evaluation and Policy Analysis 16, (2), pp.191-203

Black, P. (1993)
'Formative and summative assessment by teachers'
Studies in Science Education 21, (1), pp.49-97

Books, reports and articles in professional journals
Black, P. and William, D (2010)
'Kappan Classic: A Pleasant Surprise'
Phi Delta Kappan 92:47-48

A special introduction to the article Inside the Black Box which was published in this journal in 1998 (as listed below); this was deemed by the publisher to have 'helped change the conversation in education'. The original article was re-published digitally.
Reflections and new directions.

Black, P. (2010)
Formative Assessment

Formative Assessment in Science
Buckingham: Open University Press.

Black, P. (2009)
Looking again at formative assessment.
Learning and Teaching Update. 30, 3-5.

Black, P. (2009)
Formative assessment issues across the curriculum: the theory and the practice.
TESOL Quarterly. 43(3), 519-523.

Black, P. (2009)
An analysis of issues raised by the Highland Council’s recent papers on its policies for assessment and pedagogy.
Paper prepared for the Highlands Council and for the Scottish Qualifications Authority.
See: http://www.sqa.org.uk/sqa/38001.html

Black, P. (2008)
Formative assessment in the learning and teaching of design and technology.

Black, P. (2008)
Making teacher change happen.
pp.145-156 (eds.)Gewirtz, S., Mahony, P., Hextall, I. and Cribb, A.
London: Routledge

Black, P. (2007)
Ideology, evidence and the raising of standards
Becoming a Teacher (Third Edition), pp. 42-54 (eds. J. Dillon, J. and Maguire, M.)
Milton Keynes: Open University Press.
Black, P. (2007)
Formative Assessment: Promises or problems?
The Journal for Drama in Education. 23(2) 37-42.

Differences within and between schools: pupils' and teachers' beliefs about learning.
Improving Learning How to Learn: Classrooms, schools and networks. pp. 199-210 (eds. James, M. et al.)
London: Routledge

Useful assessment for design and technology: formative assessment, learning and teaching.

Black, P., Poole, M. and Grace, G. (2007)
Science Education and the Christian Teacher.
London : Institute of Education.

Formative assessment and the learning and teaching of MFL: sharing the language learning road map with learners
Language Learning Journal 34, pp.4-9

Developing a theory of formative assessment

Changing Teaching through Formative Assessment: research and practice.
Formative Assessment : Improving Learning in Secondary Classrooms pp. 223-240
CERI. Paris: OECD

Working inside the black box: Assessment for learning in the classroom
Phi Delta Kappan 86 (1), pp.8-21

Science inside the black box: Assessment for learning in the science classroom
London: GLassessment

Assessment of Science Learning 14-19
London: Royal Society.
Available at: www.roysoc.ac.uk/education

Testing, testing: listening to the past and looking to the future
School Science Review 85 (211), pp.69-77
The Importance of Everyday Assessment
Everyday Assessment in the Classroom (eds J.M. Atkin & J.E. Coffey), Chapter 1, pp.1-12

Inside Science Education Reform
New York: Teachers College Press; Buckingham: Open University Press

Assessment for Learning: putting it into practice
Buckingham: Open University Press

The development of formative assessment
International Handbook of Educational Leadership and Management (eds B. Davis & J. West-Burnham)
London: Pearson
Working inside the black box: assessment for learning in the classroom
London: GLassessment
(See also Phi Delta Kappan, 2004)

Black, P. (2001)
Formative Assessment and Curriculum Consequences
Curriculum and Assessment (ed. D.Scott), pp.7-23
Westport CT: Ablex Publishing

Classroom Assessment and the National Science Education Standards
Washington DC: National Academy Press

Black, P. & Harrison, C. (2001)
Self- and peer-assessment and taking responsibility: the science student's role in formative assessment.
School Science Review 83 (302), pp.43-49

Black, P. & Harrison, C. (2001)
'Feedback in questioning and marking: the science teacher's role in formative assessment'
School Science Review 82 (301), pp.55-61

Physics 2000: as it enters a new Millennium
A compendium of reviews by leading physicists in the International Union of Pure and Applied Physics
Black, P. (2000)
Policy, practice and research: the case of testing and assessment
Improving Science Education: the contribution of research (eds R. Millar, J. Leach, & J. Osborne), pp.327-346
Buckingham: Open University Press

Inside the Black Box: Raising standards through classroom assessment
London: GLassessment
Also published in PhiDelta Kappan 80, (2), pp.139-148
And in Italian: 'Dentro la Scatola Nera: elevare gli standard usando la verifica in classe'; La Fisica Nella Scuola Anno XXIV, n.3, pp.124-133

Black, P. (1998)
Testing: Friend or Foe? Theory and Practice of Assessment and Testing
Master Classes in Education Series
London: Falmer Press

Black, P. (1997)
Whatever Happened to TGAT?
Assessment vs Evaluation (ed. C. Cullingford), pp.24-50
London: Cassell

Black, P. & Atkin, M. (joint eds and one of a team of authors) (1996)
Changing the Subject; Innovations in science, mathematics and technology education
Routledge: London
