Welcome

Beginning university is an exciting and, perhaps, daunting step. You will be faced with many choices and opportunities. Our residences are designed to enhance your overall university experience.

Our goal is to provide a safe and vibrant living and learning environment, focusing on your academic success and social interaction. Learning at university takes place both inside and outside the classroom and we aim to provide you with a positive space to support your studies.

For many of you, this will be your first time living in residences. Residence life is a programme organised by the Residence Team. Its aim is to look at the different aspects of living in residences, including your health, well-being, social activities and the support that is available for you. The current programme includes sustainability, personal finances, healthy eating and general wellbeing practices and is driven by the students themselves, represented by the Residence Life Team.

This brochure provides information for you to consider the type of accommodation you would like. For more detailed information, visit www.kcl.ac.uk/accomm where you will find all of the essential information you need about our accommodation and the application process.

We look forward to welcoming you to our residences.

Residence life

Your experience whilst staying within our residences is very important to us. We aim to provide a comforting and safe environment which allows individuals to develop and foster sense of community.

Residence life is an important part of our department and it looks at the different aspects of living in residences, including your health, wellbeing, social activities and the support that is available for you.

The current programme includes sustainability, personal finances, healthy eating and general well-being practices and is driven by the students themselves, represented by the Residence Life Team.

BEACTIVE PROGRAMME

The aim is simple: to offer free, fun, weekly social sport and exercise that is, quite literally on your doorstep. That is why this term there are 35 sessions weekly, catering exclusively to students living in King’s Residences, regardless of experience or how sporty they think they are.

BeActive Halls is run by fellow students and delivered free of charge in partnership by KCLSU and King’s Sport.

SUSTAINABILITY IN RESIDENCES

King’s Residences’ green agenda continues to deliver. In 2015 the team replaced 335 fridges replacing their old small bedroom fridges across two of their largest residences, Great Dover Street and Stamford Street Apartments between August and December 2015, delivering over £150,000 in energy savings from September 2015 to date.

To top it off, students arriving in September 2015 were invited to take part on the Student Switch Off campaign, with energy usage reduced by 6% compared to the previous year which helped to keep over 34 tonnes of CO₂ out of the atmosphere, saving £8,500.
PURPOSE OF THIS POLICY
We aim to provide students with a wide range of accommodation, which is safe and reasonably priced, and when processing accommodation applications, we will endeavour to:

— Ensure that accommodation applications are treated fairly and to prioritise applications where necessary.
— Allocate bedrooms according to the accommodation criteria selected on the application form.
— Offer advice and guidance to those who cannot be allocated into King’s residences.

The purpose of this policy is to provide transparency in the way King’s Residences allocate student accommodation to King’s College London (KCL) students and clarify how applications are handled.

KEY DEFINITIONS
In this document, the following meaning is ascribed to the term:

— Applicant: an individual who holds a course offer for entry to King’s College London in 2016–17.
— Student: a registered student of KCL following a full-time course of study.
— On-time applicants: applicants who submitted their accommodation application via our online portal by 13 June 2016, midnight, UK time.
— Late applicants: applicants who submitted their accommodation application via our online portal after 13 June 2016 midnight, UK time.
— Conditional accommodation offers: are accommodation offers sent to applicants holding either a conditional or unconditional academic offer, prior to A-level results date subject to the applicant fulfilling the entry requirement for King’s College London; these offers are automatically converted into a legally binding contract between KCL and the applicant, following A-Level results for undergraduates and course deposit payment for postgraduate students.
— Eligible applicants: Only King’s College London prospective students who hold a conditional or unconditional firm offer for a full-time course of study will be eligible to apply for accommodation for the academic year in which their course commences. This applies to:
  — first-year undergraduates (including those on Study Abroad and Pre-Sessional programmes)
  — new postgraduates (who have not previously been enrolled on a course of study at KCL)
  — returning students (undergraduates and postgraduates).

ACCOMMODATION GUARANTEE
New first-year undergraduate and international postgraduate applicants are guaranteed to be made an offer of accommodation for their first year of study if they meet the following conditions:

— Have King’s College London as their firm choice for the 2016–17 academic year, for a full-time course.
— Apply by 13 June 2016, midnight, UK time.
— They have not already been offered accommodation for the year of application.

Distance to Campus
All of King’s Residences are located within zones 1 and 2 and take up to 25 minutes on public transport to Guy’s, Strand or Waterloo campuses. Applicants cannot request specific residences on their applications and the location of applicant’s course is not taken into account when places are being allocated, and applicants will be allocated to any one of our 11 residences. If an applicant chooses to decline an offer made under the accommodation guarantee they will no longer qualify to receive another offer under the accommodation guarantee.
### Conditional Academic Offer Holders

If you do not meet the entry criteria for KCL, your accommodation offer will be automatically cancelled and you will not receive a notification of this.

### Returning Students Quota

There are 150 spaces available for returning students at Angel Lane, Champion Hill and Ewen Henderson Court. As places are limited, places will be allocated by date order of receipt of application. Offers made prior to 31 July 2016 will be done so subject to the applicant’s progression into the next academic year.

ALLOCATIONS PROCESSING
On-time applications (received by 13 June 2016) qualify for the accommodation guarantee and will be processed using an automated allocations process that will allocate applicants to residences based on the room type preference as stated on the applicant’s application form. We endeavour to offer 90% of these applicants their selected preference and offers will be made between 20 June and 29 July 2016. Applicants will have five calendar days to accept or decline the offer made via the online portal.

Late applications (received after 13 June and before 12 August 2016) do not qualify for the accommodation guarantee but will be made offers depending on availability. These are also processed using an automated allocations process that will allocate applicants to residences based on the room type stated on the applicant’s application form. We will endeavour to offer of these applicants their selected preference however, this will solely depend on availability and offers will be made between 29 July and 12 August 2016. Applicants will have five calendar days to accept or decline the offer made via the online portal.

Applications received after 12 August 2016 do not qualify for the accommodation guarantee and are processed on a first come first serve basis, with offers being sent between 22 August to 12 September 2016, based on current availability. Applicants will have 48-hours to accept or decline the offer made via the online portal.

DECLINED OFFERS
On declining an accommodation offer, applicants will be given the option to ask to be reconsidered via our waiting list. However, if they have received an offer under the accommodation guarantee, they will no longer be guaranteed to be made an offer of accommodation and therefore, should be prepared for the risk of not receiving a second accommodation offer at all as these offers are entirely dependent on availability and are processed with the other applications received after 12 August 2016.

CANCELLATIONS
You may terminate this Agreement after the date that this Agreement has been formed, but prior to the arrival slot notified to us in accordance with your licence agreement.
(a) if the Agreement is formed before the commencement of Term Time, by sending an email to Bookings@kcl.ac.uk on or before 26 August 2016; or
(b) if the Agreement is formed during Term Time, by notifying the Reservations Team in writing prior to the start of the Period of Residence. If you inform us that you are exercising your right to terminate after the start of the Period of Residence, an administration fee of £300 will be applied.

PREFERENCES MATCHING ON ALLOCATIONS
Applicants are required to select, in their online application form, the accommodation preference which they would like their accommodation offer to reflect: either maximum weekly rent or room type. We will endeavour to match this preference but cannot guarantee that all accommodation offers will match the stated preference, as these can become oversubscribed very quickly. In this event, an effort will be made to match the stated preference as closely as possible. This is detailed in the table shown opposite.

OverSubscription

We reserve the right to change your accommodation offer to similar alternative accommodation before you take up occupation if there is excessive demand for the Residence, which results in over-subscription. For more details, please see our Accommodation Licence Agreement.

(a) we will always give you reasonable written notice of this and we will provide details of the alternative accommodation that is available. We will normally try to ensure that the alternative accommodation is a room of similar standard at another King’s residence or (if this is not available) a room of similar standard at one of King’s residences accommodation partners.

(b) if the similar alternative accommodation is not satisfactory to you (acting reasonably), you may terminate your Agreement. If you wish to do so, you must give Reception or the Student Residences Team written notice of this no later than seven days after the date of the written notice. The Agreement will then end on a date seven days after your notice to terminate was given to Reception or the Student Residences Team, or such other date as you may agree with the above (acting reasonably). We will refund any Residence Fee you have paid in respect of the period after the termination date;

(c) if the similar alternative accommodation is satisfactory to you, we will provide a rent rebate for the period that the Room in the Residence is not available. The rent rebate will be at a rate of 10% if the similar alternative accommodation is located at another King’s residence and at a rate of 20% if the similar alternative accommodation is located at one of King’s residences accommodation partners.
