This flexible course is taught to lawyers and experienced non-lawyer construction professionals over a series of intensive three-day sessions (from Thursday to Saturday) and is particularly well-suited for students based outside of London. It is also available for overseas students on both a full-time and part-time basis.

You will have electronic access to the teaching and reference materials as well as physical access to the many specialist books and journals, which are held in the Maughan Library.

These will be divided into three-day blocks, usually Thursday/Friday/Saturday, but module D the Arbitration & Dispute Resolution module will start with a Sunday/Monday/Tuesday three-day residential course in Oxford.

Students taking the one year option will take the entire course over 12 months from September enrolment.

Students taking the 18 month option will take the entire course in Year 1, however completion and assessment of Construction Law II and Arbitration & Dispute Resolution will take place in September to May of Year 2.

Typically, one credit equates to 10 hours of work.
