Welcome to Realising Opportunities (RO), an innovative, national programme offering you increased access to some of the country’s leading universities.

Taking part in Realising Opportunities (RO) is not only going to give you additional recognition and the potential to receive a lower offer through UCAS from the Partner universities, but will also provide invaluable opportunities to develop your skills which will be of benefit to you during your current studies and time at university.

This RO Recognition Guide explains the benefits of taking part in RO and the recognition each Partner university will give to an application from an RO student.

Contents:

The Benefits of Realising Opportunities

Realising Opportunities will give you support during your post-16 studies to develop your skills to be successful at university.

As a Realising Opportunities (RO) student you will benefit from increased information, advice and access to some of the country’s leading research intensive universities. You will follow a programme which will ensure you are better equipped for university life and what research intensive universities can offer.

When applying through UCAS, your application to any of the RO universities will be given additional consideration. If you are given an offer from one of the RO universities, many will also give you an alternative RO offer worth up to two A Level grades or equivalent.

All offers given through UCAS are dependent on the university and course you apply for. For exact details of what this would mean for your application please contact the universities you are interested in directly or visit www.realisingopportunities.ac.uk

While taking part in the Programme you will:
- Increase your knowledge about research intensive universities and what they are able to offer you. See the RO Discover Research Intensive Universities guide for more information.
- Have increased access to the Realising Opportunities Partner universities (all of which are leading research intensive universities) through the programme of events and activities on offer and the National Student Conference.
- Develop your skills in analysis, critical thinking and evaluation, along with research experience through taking either the Extended Project Qualification or Academic Assignment. Developing these skills now will stand you in great stead for any university course.
- Receive support in how to plan, research and write your own piece of original research work by taking the skills4uni online study skills module.
- Have access to information, advice and guidance on a range of professions.
The Benefits of Realising Opportunities (Continued)

REALISING OPPORTUNITIES

Programme:

- Either the Extended Project Qualification (EPQ) or the Realising Opportunities Academic Assignment.
- The skills4uni online study skills module.
- Launch event.
- National Student Conference.
- Range of events and activities at Partner universities (you must attend at least one in addition to the above).
- Ementoring.

REALISING OPPORTUNITIES

Benefits:

- All RO universities will give additional consideration to an application to them through UCAS.
- Many of the Partner universities will give an alternative RO offer worth up to two A Level grades or equivalent.
- Skills development.
- Informed decisions about your future.
- Understand what a research intensive university can offer you.
- Access to careers information from professionals employed in the field.
Recognition From Partner Universities

Partner universities will recognise successful completion of the RO Programme through their admissions processes. The following pages explain how each of the Partner universities will consider your application to them through the UCAS system. It is important to note that each university offers different recognition. You should read each university statement carefully so you can understand what this means for you and the courses you may be interested in.
University of Birmingham

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of Birmingham through UCAS. This is dependent on you meeting all other admissions criteria which can include subject-specific requirements such as LNAT for Law applicants, interview performance, work experience and GCSE grades.

Alternative offers
If you are given an offer then you will also receive a dual offer recognising your successful completion of the RO Programme. This is equivalent to up to 40 UCAS tariff points and equates to an entry requirement reduction of:
- Up to 2 A Level grades or
- Up to four International Baccalaureate points (subject to a 28 point minimum) or
- One full BTEC National Diploma grade or
- A reduced number of distinctions required for an Access to HE course.

Other recognition
For Medicine and Dentistry applicants the selection process also includes special consideration over GCSE achievement.

Other information
RO applicants for Medicine, Dentistry, Pharmacy, Nursing and Physiotherapy will be invited to attend an interview workshop and an induction day with Access to Birmingham students.

For further information
For more information on the range of courses available and typical entry requirements please visit www.birmingham.ac.uk Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.

Medicine and Dentistry
Alternative RO offers will be made for all degree courses at the University of Birmingham. For Medicine and Dentistry, the alternative offer will be one A Level grade lower than the standard requirement, plus successful completion of the programme.
University of Bristol

Additional consideration
As an RO student your application will receive additional consideration when you apply to the University of Bristol, through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
For the majority of courses RO students will receive a ‘guaranteed offer’. This means RO students with predicted grades up to 2 A Level grades lower than the standard course requirements will be guaranteed an offer, as long as they meet all other admissions criteria (see the University prospectus for further details). Any specific grade requirements for A Level subjects must be met (at the level required for the ‘contextual offer’ as seen in the prospectus). For language courses, at least a B grade at A Level is needed for the required languages specified in the prospectus.

If you receive an offer from the University of Bristol, you will receive a dual offer consisting of:
- A standard offer for the course for which you are applying. (This may be Bristol’s ‘contextual offer’, which is usually one A Level grade lower than the standard offer, given to students from ‘low performing’ schools/colleges – see prospectus for further details.)

AND
- An RO offer of
  — up to 2 A Level grades lower than the standard offer
  — up to 4 IB points below the standard offer for those taking the International Baccalaureate
  — if an RO offer for BTEC National Diploma students is made, it will be for 1 grade reduction in 1 area

The RO offer will only be valid on successful completion of the RO Programme.

Although RO applicants for the Medicine (A100), Dentistry (A206) and Veterinary Science (D100) courses are eligible for additional consideration and the 2 grade lower RO offer; they will not be guaranteed an interview. All offers for these courses will require an A grade in A Level Chemistry.

Course exemptions
For Physics courses the ‘guaranteed’ RO offer is ABB (to include an A in Maths and a B in Physics) – 1 grade lower at A Level, than the standard offer.

Applicants for Veterinary Nursing and Bioveterinary Science (DC37) are eligible for a guaranteed offer, but there is no grade reduction.

For further information
For more information on the range of courses available and typical entry requirements please visit www.bristol.ac.uk/study Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.
University of Essex

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of Essex through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
If you apply to the University of Essex through UCAS for 2014 entry, the University of Essex will recognise successful completion of the RO Programme by issuing a typical offer for the course you are applying to and an alternative RO offer. Any offer will be dependent on you meeting all other admissions criteria and subject to University Admissions Regulations. An alternative offer could be:

- Up to two A Level grades.
- Up to one BTEC National Diploma/ BTEC Extended Diploma grade.
- Up to three points in the International Baccalaureate.

Course exemptions
Not applicable.

For further information
For more information on the range of courses available and typical entry requirements please visit www.essex.ac.uk/coursefinder Please check the individual requirements for the course you are interested in and any pre-requisite subjects that are required for entry.
University of Exeter

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of Exeter through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
If you receive an offer from the University of Exeter it will be a Realising Opportunities dual offer which will consist of the following:

- A standard offer for the course to which you are applying.
- An RO alternative offer of up to two A Level grades or equivalent below the standard entry offer, valid only upon successful completion of the RO Programme.

Medicine
Alternative Realising Opportunities offers of two A Level grades will not be made for courses offered by the University of Exeter Medical School, however the university will be able to offer the following to candidates who apply before the 15th October application deadline and who pass the UKCAT:

- All students predicted AAB or better will be guaranteed an interview.
- An interview preparation day will be offered to successful applicants.
- Subject to passing the interview students will be made an alternative offer of AAB (subject to successful completion of RO). You will also be required to meet the subject-specific requirements of studying A Level Chemistry and either Biology or Physics. Biology must be achieved at a minimum of Grade C at AS Level if not studied at A Level.

For further information
For more information on the range of courses available and typical entry requirements please visit www.exeter.ac.uk or contact Melissa Ruddock on m.s.ruddock@exeter.ac.uk记住它很重要，你检查感兴趣的课程的个人要求，以及这对你的意味着。
Realising Opportunities
Recognition Guide

Goldsmiths, University of London

Additional consideration
If you successfully complete the RO Programme your application will receive additional consideration when you apply to Goldsmiths, University of London through UCAS. You will still need to meet our general admissions criteria.

Alternative offers
If your application is favourably considered then you will receive an alternative offer recognising your successful completion of RO. This means that, in addition to the standard offer (which will be in accordance with our published entry criteria) you will also receive an alternative RO offer of:

- Up to 2 A Level grades (or 40 UCAS tariff points) lower than the standard offer for entry to that programme.

Whilst this alternative offer will apply for the academic entry criteria (A Level or equivalent grades) many of our programmes will also ask for supplementary evidence of your readiness to study at Goldsmiths. This may include portfolios of art or design based work, or examples of your written work or projects. For many practice based subjects including art, design, music and drama you may also be expected to attend an interview and talk about your work and, in some cases, take part in a performance piece. You will need to successfully complete this process in order to be made an offer.

Other recognition
Your offer may also include:

- Extended Project Qualification or Academic Assignment accepted in lieu of a fourth subject at AS Level.

Course exemptions
Not applicable

For more information
For more information on the range of courses available and typical entry requirements please visit www.gold.ac.uk/ug

Remember that it is important that you check the individual requirements for the programme you are interested in and what this means for you.
King’s College London

Additional consideration
Your application as an RO student will receive additional consideration when you apply to any programme at King’s College London through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
See other recognition below.

Other recognition
The Extended Project Qualification or RO Academic Assignment will be accepted in lieu of a fourth subject at AS Level.

Dentistry (A205)
- As a RO student, you will receive an automatic interview for this course. If you are successful at interview, completion of the RO Programme will form part of any conditional offer made.

Extended Medical Degree Programme (A101)
- The Extended Medical Degree Programme (EMDP) admits 50 students a year from eligible non-selective state schools in Greater London, but will offer up to five places each year to RO candidates from any RO school in the UK who meet all eligibility criteria and are successful at interview. Candidates in the Greater London area must be attending an EMDP eligible school/college. If you are successful at interview, completion of the RO Programme will form part of any conditional offer made.

- In addition to standard admissions criteria for this course, we would also like candidates to have taken up all opportunities available to them through RO for attending medically-themed outreach events, and would ask for evidence of that in your UCAS statement.
- RO candidates who are successful at interview may receive an alternative offer, and this would be decided in light of where the candidate has been to school, and would be no lower than BBB.

For further information
For more information on the range of courses available and typical entry requirements please visit [www.kcl.ac.uk](http://www.kcl.ac.uk) Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.
University of Leeds

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of Leeds through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
If you are given an offer then you will receive a dual offer recognising your successful completion of RO. You will receive a standard offer as well as an alternative RO offer of:
- Two A Level grades or 40 UCAS points below the standard offer.

Course exemptions
Not applicable. All undergraduate programmes at the University of Leeds provide Realising Opportunities applicants with additional consideration and an alternative offer, where offers are given.

Further information
For more information on the range of courses available and typical entry requirements please visit www.leeds.ac.uk Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.
University of Leicester

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of Leicester through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
If you are made an offer, you will receive two conditional offers through UCAS. You will be made a typical offer for the course you are applying to, and an alternative offer recognising your successful completion of RO.

For students taking A Levels, your alternative RO offer will be:
- Up to 40 UCAS tariff points, or two A Level grades below the standard offer.

For students taking the International Baccalaureate (IB), your alternative RO offer will be:
- Up to 4 IB points below the standard offer.

Course exemptions
Alternative Realising Opportunities offers will not be made for the University’s Medicine course but RO applications will be given additional consideration by selectors when shortlisting for interviews. This additional consideration will include:
- Bonus points within the selection process at the point of shortlisting for interview.

For a full overview of the Medicine course admissions process, please visit the University’s website and download the ‘How we score applications for the A100 course’. This document can be found at www2.le.ac.uk/departments/msce/undergraduate/medicine/mbchb5yr/the-selection-procedure-a100

For further information
For more information on the range of courses available and typical entry requirements please visit www.le.ac.uk. Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.
University of Liverpool

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of Liverpool through UCAS. This is dependent on you meeting all other admissions criteria (for example UKCAT test, interview performance, subject-specific requirements and GCSE grades).

Alternative offers
If you are given an offer then you will receive a dual offer recognising your successful completion of RO. You will receive a typical offer as well as an alternative RO offer of:
- Up to 40 UCAS tariff points, or 2 A Level grades.
- For students taking the International Baccalaureate (IB) – up to 40 UCAS tariff points or two IB points. Students must also successfully pass the IB Diploma as a whole.
- For students taking a BTEC Extended Diploma – up to 40 UCAS tariff points or one grade, for example where the standard offer is DDD the student must achieve DDM overall in the BTEC Extended Diploma with 100 out of 180 credits at Distinction.

Course exemptions
Not applicable. The University of Liverpool will make RO offers for all courses.

Other recognition
RO students applying to Medicine, Dentistry and Veterinary Science at the University of Liverpool may not be required to meet the strict GCSE entry requirements outlined in the University’s guidelines. Applicants should check the GCSE requirements with the relevant department.

Further information
For more information on the range of courses available and typical entry requirements please visit www.liverpool.ac.uk. Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.
University of Manchester

Additional consideration
Your application as an RO student will receive additional consideration when you apply to The University of Manchester through UCAS. This is dependent on you meeting all other admissions criteria such as GCSE requirements, admissions tests, subject-specific requirements, predicted grades etc.

Alternative offers
As an RO student, if you are made an offer at The University of Manchester you will receive a dual offer:
- A standard offer for the course you have applied to and
- An alternative RO offer recognising your successful completion of RO as equivalent to up to 40 UCAS tariff points or two A Level grades.

For BTEC National Diploma students, successful completion of RO will be recognised as one grade in one area (for example, where a typical offer for a course is DDD, your RO alternative offer would be DDM).

For International Baccalaureate (IB) students, successful completion of the RO Programme will normally be recognised as equivalent to two points in the IB.

BTEC National Diploma and IB applicants are advised to contact the RO Team at Manchester directly as the recognition may vary for specific programmes at the University.

Course exemptions
Not applicable. The University of Manchester will make RO offers for all courses.

For further information
For more information on the range of courses available and typical entry requirements please visit [www.manchester.ac.uk/ug/courses](http://www.manchester.ac.uk/ug/courses)
Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.
Newcastle University

Additional consideration
Your application as an RO student will receive additional consideration when you apply to Newcastle University through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
If you are given an offer then you will receive a dual offer recognising your successful completion of RO. You will receive a typical offer as well as an alternative RO offer of:

- Up to 40 UCAS tariff points, or 2 A Level grades for all courses at Newcastle University (with the exception of NN14 Business Accounting and Finance with PwC).

Course exemptions
Alternative Realising Opportunities offers will not be made for Business Accounting and Finance with PwC (NN14).

Other information
For courses that require an additional selection process, such as an interview or submission of a portfolio, Realising Opportunities applicants will still be required to take part in this before any offer is made.

For further information
For more information on the range of courses available and typical entry requirements please visit www.ncl.ac.uk Remember that it is important for you to check the individual requirements for the course you are interested in and what this means for you.
Additional consideration
If you successfully complete the RO Programme your application will receive additional consideration when you apply to the University of Sheffield through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
If you are given an offer then you may receive an alternative offer recognising your successful completion of RO. You may receive a typical offer as well as an alternative RO offer of:

- Up to 2 A Level grades below the standard offer or
- Up to 3 International Baccalaureate points (subject to a 29 point minimum) below the standard offer or
- 1 full BTEC National Diploma grade below the standard offer.

Course exemptions
Alternative Realising Opportunities offers will not be made for courses in Medicine.

For further information
For more information on the range of courses available and typical entry requirements please visit www.sheffield.ac.uk Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.

For further information about the University of Sheffield’s contribution to the Realising Opportunities Programme, contact Denise Brooks, d.m.brooks@sheffield.ac.uk
University of Sussex

Additional consideration
If you successfully complete the RO Programme your application will receive additional consideration when you apply to the University of Sussex through UCAS. This is dependent on you meeting all other admissions criteria.

Alternative offers
If you receive an offer from Sussex, it will normally include alternative conditions recognising your successful completion of RO. The RO alternative conditions will be:

- Up to two A Level grades lower than the standard A Level offer (subject to successful completion of the RO Programme).

Course exemptions
Alternative Realising Opportunities offers will not be made for the degree in Medicine at the Brighton and Sussex Medical School.

For further information
For more information on the range of courses available and typical entry requirements please visit [www.sussex.ac.uk](http://www.sussex.ac.uk). Remember that it is important that you check the individual requirements for the course you are interested in and what this means for you.
University of Warwick

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of Warwick through UCAS. If you apply to Warwick, the University will ensure that the admissions tutors considering your application give due consideration to your participation in the programme and that this is considered in the offer making process.

Alternative offers
See other recognition below.

Other recognition
Warwick accepts the Extended Project Qualification (EPQ) and the Realising Opportunities Academic Assignment (AA) as part of its entry criteria. Where offers typically include a fourth subject at AS Level, achieving the relevant grade in the EPQ or a pass in the AA will normally be accepted in lieu of this requirement. Applicants presenting the EPQ/AA are encouraged to discuss their research as part of their personal statement and to explore how completing this research has prepared them for undergraduate study at Warwick.

If you accept an offer from Warwick but your results narrowly miss the terms of that offer, every effort will be made to accommodate you.

Other information
Whilst it is important that you meet the admissions criteria for your chosen course (these are available via the University’s prospectus or online), Warwick pays particular attention to an applicant’s personal statement in the admissions process. It is therefore advisable that your statement draws upon your experience on the RO Programme, what you have learnt on the programme and how this applies to your chosen course.

For further information
For more information on the range of courses available and typical entry requirements please visit www.warwick.ac.uk/study
University of York

Additional consideration
Your application as an RO student will receive additional consideration when you apply to the University of York through UCAS. This is dependent on you meeting all other admissions criteria (for example subject-specific requirements or a successful interview where applicable).

Alternative offers
If you are given an offer then you will receive a dual offer recognising your successful completion of RO. You will receive the typical offer for the programme to which you are applying as well as an alternative RO offer which will recognise successful completion of the Realising Opportunities Programme. The alternative offer will be reduced, as appropriate, by:

- Up to 2 A Level grades (for example an AAB offer may be made at ABB or BBB) or
- Up to 2 points in the International Baccalaureate Diploma (for example a 36 point offer may be made at 35 or 34 points) or
- One grade in a BTEC National Diploma offer (for example a DDD offer may be made at DDM).

Course exemptions
Alternative Realising Opportunities offers will not be made by the Hull York Medical School for admission to Medicine.

For further information
For more information on the range of courses available and typical entry requirements please visit www.york.ac.uk Remember that it is important that you check the individual requirements for the course you are interested in.
Making Sure You Get The Recognition

Important information

In order to receive recognition for successful completion of RO from Partner universities you should apply through UCAS using the online Apply system in the normal way. The online Apply system allows you to identify yourself as an RO student. The RO Applying to Higher Education booklet tells you how to do this. This is available on our website at www.realisingopportunities.ac.uk
Key Contacts

The Realising Opportunities Central Team, based at Newcastle University, lead the Programme on behalf of the Partner universities. We will communicate regularly with you via the ementoring site, email and post. We are your first point of contact for RO.

Our contact details are:

The Realising Opportunities Central Team,  
c/o Marketing and Student Recruitment,  
Newcastle University, King’s Gate,  
Newcastle upon Tyne, NE1 7RU  
T 0191 208 8923  
E info@realisingopportunities.ac.uk  
W www.realisingopportunities.ac.uk

Each of the Partner universities has a key contact for RO, and you may wish to contact them if you have a question about recognition or admissions through UCAS to that particular university.

Key contact details are provided on the next page.
