Section B continued

King’s College London Theological Trust was founded in 1980 with funds realized as a result of the transfer to the general purposes of the College of the former Theological Hostel. The Trust is empowered to provide financial assistance to students and former students of the Department of Theology and Religious Studies and the Department of Education & Professional Studies (Theology and Ministry) under the following headings:

- Furthering the education of students and of former students of the Department of Theology and Religious Studies/Department of Education & Professional Studies in such ways as the Trustees think fit.
- Furthering the vocational training of such students and former students and in particular of those who intend to seek ordination in the Church of England.
- The advancement of the Christian religion, particularly in accordance with the doctrines of the Church of England, among such students and former students.

Please use the space below (using additional sheets if necessary) to give your reasons for supporting this application for a financial award from the Theological Trust, using the above criteria as a guideline. You may also wish to comment on academic potential and/or academic progress, attendance record (for academic referees), and financial need. If the applicant has only recently started at King’s, please give an indication of their attendance and progress so far.
